

The Institute for Musicology and Music Pedagogy at the Osnabrück University, Dept. of Systematic Musicology, Music and Media Technology Group is looking for a

**Research Assistant, Postdoc (m/f/d)
(salary grade 13 TV-L, 100%)**

The position is limited to three years, an extension up to six years is possible. Earliest start date is October 2020.

In a project funded by the Volkswagen Foundation, the influence of new technologies (including artificial intelligence) on music production and reception as well as on the perception of music / auditory cognition will be the focus of interest. In this context, the role of virtual acoustic environments will also be considered. Further information about the working group can be found at <https://www.mtdml.uni-osnabrueck.de>

Description of your responsibilities:

- You will be involved in the development and implementation of profile and research strategies of the research group
- Participation in research and teaching projects of the department
- Support the further expansion of the international partner network
- You will be involved in the integration of the research group into the AI Campus of the Osnabrück University.
- Active participation in national and international conferences
- Publication of research results in peer reviewed journals.

Requirements:

- Candidates are required to have a Master's degree in musicology, psychology, cognitive science, computer science, engineering or a related subject
- Completed PhD in a field relevant to the project
- Profound knowledge in the field of empirical research methods

We offer you:

- Research stays with cooperation partners in the USA, Canada and France.
- Various interdisciplinary networking opportunities both with international cooperation partners and with the partners of the profile lines at the University of Osnabrück (psychology, cognitive science, computer science, engineering, medicine, etc.)
- Support in the compatibility of work and family
- Flexible working time models
- Comprehensive training programs
- The possibility of further scientific qualification (habilitation)

The position is available on a full-time or part-time basis.

Osnabrück University is a certified family-friendly university and is committed to helping working/studying parents balance their family and working lives.

Osnabrück University seeks to guarantee equality of opportunity for women and men and strives to correct any gender imbalance in its schools and departments.

If two candidates are equally qualified, preference will be given to the candidate with disability status.

Please submit your application with the usual supporting documentation (in electronic form in a pdf-document) to Prof. Dr. Michael Oehler (michael.oehler@uos.de) to arrive by **August 20, 2020**. We look forward to receiving your application.

For further information regarding this vacancy, please contact Prof. Dr. Michael Oehler, E-Mail: michael.oehler@uos.de.
